

50% discount on a subscription to Bone Marrow Transplantation for EBMT members

Editor: **Prof John Goldman**

Impact factor: **3.000***

Dear Member

As a listed member of an EBMT Centre, Nature Publishing Group is pleased to offer you a **special discounted subscription** to *Bone Marrow Transplantation*, the official journal of EBMT.

An annual subscription to the journal includes twenty-four print issues and full online access, and covers all aspects of the basic biology and clinical use of hemopoietic stem cell transplantation, including:

- stem cell biology
- kinetics and cytokine control
- translational research
- transplantation immunology
- HLA and matching techniques
- clinical results of specific transplant protocols

A combined print and online subscription ensures your access to the most pertinent information in the field every month.

Your subscription includes:

24 print issues delivered directly to your door | Instant access to full-text online | Fully-searchable online archive

Your full online access allows you direct access to the journal's content anytime, including downloadable PDF versions of all articles for ease of viewing, full-text HTML with links from article bibliographies to MEDLINE, and all archived issues from 1997 on.

Subscribing is easy – just complete and return the form below to ensure you have access to the most up-to-date information in your field.

Yours faithfully,

Claire Jones
Marketing Manager, *Bone Marrow Transplantation*
