50th Meeting of the Physicians
40th Meeting of the Nurses Group
23rd Meeting of the Data Management Group
18th Patient, Family and Donor Day
16th Meeting of the Quality Management Group
13th Cell Therapy Day
13th Paediatrics Day
9th Pharmacists Day
8th Psy Day
6th Transplant Coordinators Day
5th Meeting of the GoCART Coalition
4th Lab Scientists Day
3rd Trainee Day
2nd Practise Harmonisation Day

#EBMT24

Dear friends and colleagues,

We are delighted to invite you to the 50th Annual Meeting of the EBMT which will be hosted in Glasgow United Kingdom from 14-17 April 2024. Situated in one of the most beautiful and architecturally distinguished cities in the UK and within easy reach of the breathtaking beauty of the Scottish Highlands and Islands you can be sure of a very warm welcome and memorable stay.

Rapid advances in both stem cell transplantation and cellular therapy continue to transform patient outcomes. At the same time, opportunities to extend the curative potential of transplant and cellular therapies to both solid tumours and other non-malignant diseases continue to expand. Key to ensuring all our patients benefit as rapidly as possible from this rapidly evolving scientific and clinical landscape is access to the very latest practice-informing research. At the same time, the opportunity to network with a range of other professionals will be invaluable in sharing best practices and driving innovation.

Attendance at the 50th Annual Meeting of the EBMT in 2024 is, therefore, your opportunity to connect with cutting-edge scientific content related to transplantation and cellular therapy, network with thousands of top healthcare professionals from all over the world, and celebrate the remarkable achievements of the European and international transplant community over the past 50 years. And Glasgow could not be a better place to celebrate!

We encourage you to fully explore the scientific programme and attend other superb parts of the meeting such as the 40th meeting of the Nurses Group and the 18th Patient, Family, and Donor Day.

The Annual Meeting of the EBMT is an event for all those involved in the care of transplant and cellular therapy patients. There will be dedicated sessions for Data Managers, Quality Managers, Cell Therapists, Paediatricians, Pharmacists, Psychologists, Transplant Coordinators, Lab Technicians, and Trainees.

We are really looking forward to seeing friends, colleagues, and new faces in attendance and enjoying the wonderful city of Glasgow in April of next year to celebrate the achievements of EBMT in the past 50 years and look forward to the next 50. Save the date and we hope to see you there to celebrate 50 years of community!

Sincerely,

Dr. Grant McQuaker
Congress Co-President

Prof. Charlie Craddock
Congress Co-President

Prof. Anna Sureda
EBMT Society President

ABSTRACT TOPICS

SUBMISSION DEADLINE: **17 DECEMBER 2023**

PHYSICIANS

General Topics

1. Haematopoietic Stem Cells
2. Stem Cell Mobilization, Collection and Engineering
3. CAR-based Cellular Therapy – Preclinical
4. CAR-based Cellular Therapy – Clinical
5. Cellular Therapies other than CARs
6. Experimental Transplantation and Gene Therapy
7. New Drugs and Cell-based Immune Therapies
8. Non-haematopoietic Stem Cells and Regenerative Medicine

Transplant-Specific Topics

9. Stem Cell Source
10. Stem Cell Donor
11. Graft-versus-host Disease – Preclinical and Animal Models
12. Graft-versus-host Disease – Clinical
13. Infectious Complications
14. Non-infectious Early Complications
15. Non-infectious Late Effects, Quality of Life and Fertility
16. Conditioning Regimens
17. Minimal Residual Disease, Tolerance, Chimerism and Immune Reconstitution
18. Paediatric Issues

Disease-Specific Topics

19. Acute Leukaemia
20. Aplastic Anaemia
21. Autoimmune Diseases
22. Myeloproliferative Neoplasm
23. Haemoglobinopathy
24. Inborn Errors, Granulocyte and Osteoclast Disorders
25. Immunodeficiency Diseases and Macrophages
26. Lymphoma and Chronic Lymphocytic Leukaemia
27. Multiple Myeloma
28. Myelodysplastic Syndromes
29. Chronic Leukaemia and Other Myeloproliferative Disorders
30. Solid Tumours

Other Topics

31. Data Management
32. Statistics
33. Quality Management
34. Patient Advocacy: Patients' Reported Outcome and Expectations
35. Psychological Issues
36. Pharmacology

NURSES GROUP

Care-Specific Topics

37. Care of the Carer (Healthcare Team and Caregiver)
38. Complementary Therapies
39. Donor Care
40. Ethical Issues
41. Impact of New Therapies on Patient Care
42. Education and Training
43. Management
44. Outpatient Developments and Ambulatory Care
45. Palliative and End-of-Life Care
46. Patient Safety and Standards of Care
47. Psycho-social Issues
48. Vaccination, Infection Control and Prevention
49. Quality of Life, Late Effects, Survivorship Care and Health Promotion
50. Symptom Management and Supportive Care
51. CAR-T or Immune Effector Cells
52. Quality Management and JACIE
53. Transplant and CAR-T Coordination, and Follow-up
54. Advanced Nursing Practice
55. Nursing Research and Audit in Transplant and CAR-T
56. Digital Solutions in HSCT Nursing
57. Patient and Donor Information and Education
58. Paediatric and AYA/TYA Care
59. Outreach Programmes for HSCT in LMICs
