www.ebmt2014.org
DEAR FRIENDS,

On behalf of the EBMT and the Meeting Organising Committee, it is our pleasure to invite you to the 40th EBMT Annual Meeting, including the 30th Meeting of the EBMT Nurses Group, the 13th Meeting of the EBMT Data Management Group, the 6th Meeting of the Quality Management Group, and the 8th EBMT Patient & Family Day, which in turn will incorporate the 1st Donor Day. There are therefore historic milestones to be celebrated in Milan. It promises to be a high-profile, unforgettable event.

Yet this anniversary edition of the meeting is not just about celebration. Looking forward, we are confronted with new and exciting challenges such as new genome technologies, integration of targeted therapies into transplant strategy, the emerging role of cell therapies, and choice of donor. These and many other scientific issues will be included in the Scientific Programme.

Furthermore, we are very happy to offer you the opportunity to visit Milan – a sophisticated major European city combining strong cultural, economic and fashion-related undertones. Our venue is the Milano Convention Center (MiCo) – the largest convention centre in Italy, located in the very heart of the city (5 min from Da Vinci’s Last Supper), boasting 2,000 hotel rooms within 1km, and easily reachable from the three international airports.

Further details of the Networking Opportunities and events organised to celebrate the 40th anniversary of the EBMT Annual Congress are due to be announced shortly.

DON’T MISS THE UNIQUE OPPORTUNITY TO BE PART OF EBMT HISTORY - JOIN US AT MILAN 2014!

Marco Bregni, M.D. - Congress President
Paolo Corradini, M.D. - Scientific Chair
Aleksandra Babic, R.N. - Local Nurse
