Dear Member

As a Member of the EBMT, Nature Publishing Group is pleased to offer you a special discounted online subscription to Bone Marrow Transplantation, the official journal of the EBMT. Bone Marrow Transplantation publishes high quality, peer reviewed original research and reviews that address all aspects of basic biology and clinical use of haemopoietic cell transplantation. The journal also covers all aspects of the research and treatment of transplant-related complications and consequences including quality of life and psychological issues. Basic research studies on topics of relevance are also covered. The broad scope of the journal encompasses topics such as stem cell biology, transplantation immunology (including animal models), translational research, biomarkers, cellular therapy, and clinical results of specific protocols.

Your subscription will include:
12 print issues delivered directly to your door | Full online access to www.nature.com/bmt | Fully-searchable online archive
An online subscription allows you access to the journal’s content anytime, including downloadable PDF versions of all articles for ease of viewing, full-text HTML with links from article bibliographies to MEDLINE, and all archived issues from 1997 to date.

Subscribing is easy – just complete and return the form below to ensure you have access to the most up-to-date information in your field via www.nature.com/bmt.
