John Snowden
EBMT SECRETARY
United Kingdom

It is with great pleasure that we present to you the EBMT Annual Membership Report for the year 2023. Your unwavering support has been the driving force behind our society's growth and success over the past year. EBMT Members are the backbone of our society, and each member's contribution has played a vital role in our collective achievements. Over the past year our community has grown significantly, and we express our sincere gratitude for your continuous support.

Thank you for being part of the EBMT community.

Membership breakdown 2023

The members belong to a unique collaborative network of peers involved in HCT and cellular therapy research. They all have a common goal, and that is to enhance the quality of life of patients with life-threatening blood cancers and diseases.

Our members are listed according to their role within their team. They are comprised of the following distribution of roles.

Physicians

3492

Nurses

1087

Data Managers

906

Become a Member

Centres or independent persons that are active in the field of transplantation & cellular therapy related to any kind of haematopoietic stem cell, or any other organisation involved in the care of donors and recipients of HSCT, can become a member of the EBMT. Members' rights, obligations, and fees are dependent upon the category of membership to which they pertain. Visit our website to get more details about each of the categories.
