

### About JACIE

The Joint Accreditation Committee-ISCT & EBMT is a not-for-profit body established in 1998 for the purposes of assessment and accreditation in the field of haematopoietic stem cell (HSC) transplantation. JACIE's primary aim is to promote high quality patient care and laboratory performance in haematopoietic stem cell collection, processing and transplantation centres through the development of global standards and an internationally recognised system of accreditation.

#### Why become an inspector?

##### Benefits:

- The inspection is an excellent way of learning about JACIE for your own centre
- Visit other centres (in your country or abroad) and see best practices, how other professionals work and organize themselves
- See other ways of solving problems
- Contribute to promote and implement quality in the transplant community
