INTRODUCTION

The Spanish Nurses Group is integrated in the Scientific Society for Hematopoietic Stem Cell Transplantation and Cellular Therapies (GETH- Grupo Español de Trasplante Hematopoyético y Terapia Celular) and works together with other groups in different clinical, educational and research projects. The group works through different committees with representatives from all regions (see *Committees: Activities*)

OBJECTIVES

- Promote nurse participation in decision-making: projects Haematology and Transplant Units.
- Develop research project: National situation of APN and competences
- Develop research project: Provide Nurse-patient ratios in transplant units.
- Promote participation of new members
- Provide continuous education
- Collaborate with other societies and patient organizations

EDUCATIONAL ACTIVITIES

- **4th Edition of the Postgraduate Hematopoietic stem cell transplantation and cell therapy Course:** University of Valencia. Oct 23- June 24
- **Platform for online education:** <https://sedevirtual.geth.es/>
 - Quality management and JACIE Accreditation: webinars every two months for all professionals
 - Post-EBMT Nursing webinar: May 25th 2023.
 - Initial HSCT training course for nurses: 5th edition. May 23 – Oct 23
- **Annual meeting: Spanish Society for HSCT and Cellular Therapy:** March 15-17th 2023
- **15th Nurses Group Educational Meeting EBMT:** Celebrated 28-29 September 2023
 - 119 Participants!!!
 - Feedback survey: 85% were satisfied/very satisfied with the event. Several congratulations for organization and scientific content

COMMITTEES: ACTIVITIES

Committee	Responsible	Projects 2023	Ongoing Project 2024
Adult clinical practice	Laura Romero	Patient discharge information booklet published	Patient discharge information booklet create APP
	New responsible March 2024: Cristina Hernández Carmen Conde	HSCT and Exercise program booklet: draft last review	Venous access group
Pediatric clinical practice	New responsible March 2024: Claudia Pina Francisca Carrasco	Pediatric/adolescent patient discharge booklet: draft last review	HSCT and Exercise program booklet
			Pediatric/adolescent CAR-T booklet
Apheresis		Apheresis Training course developed	Apheresis Training course opening in April-May 2024
Transplant coordinator and data managers	Cristina Muñoz	Preceptorship programme for allogeneic transplant:	Compliance of data in registry: Benchmark
	New responsible March 2024: Juan Alberto Martín Eugenia Trigoso	Training transplant coordinators and data managers	Program for HSCT and CT coordinators: Geshtronica
JACIE		Patient and donor satisfaction survey (JACIE standards) spread for national use	Develop national research study with patient and donor satisfaction survey.
Cell Therapy	Mercedes Montoro	On-line Training course: developing course	Patients and caregivers CAR-T booklet
Communication	Lidia Hurtado	Website: www.grupoetph.com	Create group to update information at website: technology and social networks knowledge.
Research Committee	Isabel Salcedo	Support research projects: - QoL patients with cutaneous linfoma treated with ECP	Research workshop
Ambulatory Transplant/TC	Cristina Gallego	Contacted all units with ambulatory programs	Support research projects: ANP national situation
			Identify possible multicenter research studies with these units Develop guidelines
Chair and other members	Chair: Iria González Past Chair: Julia Ruiz	Other members: Francisco Xosé Román Manuela Salinero: Just retired	

ACKNOWLEDGMENTS

Thanks to all spanish nurses that participate in the different projects and committees
Special thanks and recognition for Manuela Salinero for her contribution to the Spanish Nurses Group and patients
