10999	Pallavi Mehta	Physician	India
11000	Pradeep Siriwardena	Physician	Sri Lanka
11001	Matthew O'Connor	Physician	Australia

Full Centre Membership to Associate

Full Centre Membership to Associate

156 Centres have been unable to report data in 2022.

Normally these centres would be downgraded to associate membership.

However, due to the transition to the EBMT Registry in 2023, downgrading will be postponed until 2025 in order to provide sufficient time for centres to catch up with all the reported data.

Membership Model & Fees Update

Centre Membership Fees

A review of the center membership model highlighted the need to update the previous approach, where reporting centers paid membership fees for benefits like event discounts and JACIE accreditation, which didn't reflect the reciprocal relationship with EBMT.

- **Proposal to the General Assembly:** Discontinue center membership fees from 2024 onwards, with 2023 being the final year of collection.
- Approved by the Board of Association in October 2023: Introduction of new membership fees effective January 2024:
 - Centers no longer charged fees for up to 10 team members + PI. Additional fee of 50€ per extra team member.
 - Reduction of physician individual fees to 90€. Other roles set at 40€.

Thanks!
