All event contacts linked to a participation will receive an email (as in the example) to inform them that they can use IFEMA MADRID eCommerce. When you click on 'Access', the web address shop.ifema.es

The email is exclusively informative, as any contact with an email address that the organiser has sent us with each stand allocation can create their access user from shop.ifema.es.

2. shop.ifema.es

You can consult IFEMA MADRID's general services on the website, but you must log in to consult the services and prices available for the event in which you are participating.

First click on the button 'Login'.

3. Create an account

On the next screen exhibitors must click on 'Log in'. At this point they are asked whether to Login or Create account. The first time it is always necessary to create an account.

Related companies, fitters, etc. who are not exhibitors, can also use the eCommerce but must first click on 'Register' to fill in the customer data form and create an account.

3. Create an account

The screenshot shows a web browser window with the URL <https://ic-identity...>. The browser's address bar also shows <https://ic-identity...>. The page title is "Create your account at IFEMA MADRID." and the subtitle is "And you can access any of our services." Below the title, there is a "Register through" section with icons for Google, LinkedIn, and X. The main content area is divided into three steps: 1. "Create your account with an email address and password", 2. "Once the process is completed you will receive an email verification email", and 3. "You will have your account activated at IFEMA MADRID and you will be able to log in." Below the steps, there is a note: "When you have completed the process you will be able to identify yourself and use our services, such as registration to visit the fair services for exhibitors, LIVE Connect and much more. If you are an exhibitor, use the same email that you used in the Participation Request." The registration form includes fields for Email (trafrulaktau-2427@yopmail.com), Password (*****), and Confirm password (*****). There are four checkboxes for password requirements: "Minimum of 8 characters and a maximum of 15.", "Minimum one number.", "Minimum one capital letter.", and "Minimum one special character." A red "Create account" button is at the bottom right.
