

11th International Transplant and Cellular Therapy Course

Barcelona, Spain | 11-13 September 2026

WORD OF WELCOME

Dear Friends and Colleagues,

Welcome to the 11th International Transplant and Cellular Therapy Course.

One of the greatest privileges of working in transplantation and cellular therapy is the opportunity to grow alongside a field that never stands still. Every year brings new scientific discoveries, innovative therapeutic approaches, and fresh opportunities to improve the lives of our patients. Equally rewarding is the chance to share this journey with an international community united by a common passion for excellence, collaboration, and innovation.

We are delighted to welcome you to Barcelona for three days of scientific exchange, interactive learning, and professional networking. This year's programme has been carefully designed to provide a comprehensive overview of the latest developments in transplantation and cellular therapies, combining state-of-the-art lectures with case-based discussions, parallel adult and paediatric sessions, and opportunities to engage directly with leading experts.

Highlights of the course include sessions on cell therapy, transplant immunology, graft-versus-host disease, infectious complications, the microbiome, long-term outcomes, and the expanding role of cellular therapies in autoimmune diseases. We are also honoured to host a keynote lecture on Redefining Hodgkin Lymphoma Through Precision Medicine.

Supporting the next generation of professionals remains a cornerstone of this course. Through oral presentations, poster flash talks, and EBMT educational grants, we aim to foster collaboration, encourage scientific discussion, and provide a platform for emerging investigators from across Europe and beyond.

Whether you are joining us as a long-standing member of the transplant community or attending for the first time, we hope this course will inspire new ideas, strengthen existing collaborations, and create lasting professional connections.

Thank you for being part of this experience. We wish you a stimulating, enjoyable, and memorable course, and we look forward to welcoming you to Barcelona on 11-13 September 2026.

The Organising Committee

Esra Gülderen, *EBMT Trainee Committee Co-Chair*

Mette Hazenberg, *EBMT Treasurer*

Claire Horgan, *EBMT Educational Task Force Representative for Paediatric Diseases Working Party*

Krzysztof Katwak, *Scientific Council co-Chair with Research & Sciences Portfolio and Paediatric Diseases Working Party Chair*

Hilda Mekelenkamp, *President, Nurses Group*

Ali Bazarbachi, *Scientific Council Representative with the Education Portfolio and Lymphoma Working Party Chair*

Mohamad Mohty, *EBMT Past President (2014-2018)*

Alex Rampotas, *EBMT Trainee Committee Co-Chair*

Annalisa Ruggeri, *Past Scientific Council Representative with Education Portfolio and Cellular Therapy & Immunobiology Working Party Chair*

Donal McLornan, *Past Scientific Council co-Chair with Research & Sciences Portfolio*

Anna Sureda, *EBMT Past President (2022-2026)*

Ibrahim Yakoub-Agha, *EBMT President*

Hear from Experts Shaping Transplant and Cellular Therapy for Patients with Haemoglobinopathies

Discover expert-led webinars, podcasts and presentations to support your clinical practice.

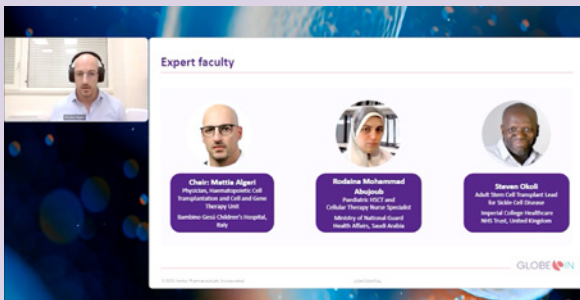

PODCAST

Handling difficult conversations with patients about transplant

Dr Jenna Love, Natasha Lewis and Dr Nibras Naami share key considerations for discussing transplant with patients.

Listen >

WEBINAR

Patient care during transplant and beyond

Gain insights into supporting patients and families throughout the haemoglobinopathy transplant journey.

Watch >

HIGHLIGHTS

Highlights from the EBMT 2026 Congress

Experts Fabio Giglio and Michelle Kenyon reflect on key highlights from the 52nd Annual Meeting of the European Society for Blood and Marrow Transplantation (EBMT).

11th International Transplant and Cellular Therapy Course

Barcelona, Spain | 11-13 September 2026

Friday, 11 September 2026

Plenary Room: *Paranimf*

09:00 – 10:30

Session I: Welcome & Kick-off

Chairs: *Esra Gülderen (FI) & Alex Rampotas (UK)*

09:00 – 09:10

Welcome from the Scientific Council Chair and EBMT Research Meeting introduction

Antonio Risitano (IT)

09:10 – 09:30

Principles of hematopoietic cell transplantation

Sebastian Giebel (PL)

09:30 – 09:50

Immune reconstitution

Esra Gülderen (FI)

09:50 – 10:10

Current landscape of CAR-T & T cell engineering

Alex Rampotas (UK)

10:10 – 10:20

Case Presentation: When the foundations are rocked - donor withdrawal post start of conditioning

Lorna Neill (UK)

10:20 – 10:30

Discussion

10:30 – 11:00

Coffee Break

11:00 – 12:30

Session II: Foundations of Transplantation and Cellular Therapy

Chairs: *Luca Vinci (DE) & Giorgio Orofino (IT)*

11:00 – 11:20

The HLA system and donor selection

Neema Mayor (UK)

11:20 – 11:40

Mobilization, collection, and cryopreservation of HSC

Patrick Hayden (IE)

11:40 – 12:00

Conditioning regimens

Anna Sureda (ES)

12:00 – 12:10

Case Presentation: Peri-allograft use of momelotinib in myelofibrosis: outcomes And Impact of discontinuation timing on engraftment kinetics

Trung Ngo (UK)

12:10 – 12:30

Discussion

12:30 – 13:15

Lunch Break

13:15 - 14:00

Industry Symposium kindly sponsored by Therakos:

"Advancing immunomodulation in GvHD special populations"

Leader Chair: **Prof Anna Sureda**, Catalan Institute of Oncology-Duran I Reynals Hospital, Spain

13:15 – 13:35

NIH 2025 Chronic GvHD consensus: Unmet needs and considerations for immunomodulatory approaches

Prof Hildegard Greinix, Medical University of Vienna, Austria

13:35 – 13:55

Pediatric GvHD management: Clinical considerations for ECP use

Prof Andrew Gennery, Great North Children's Hospital Newcastle, United Kingdom

13:55 – 14:00

Q&A

14:00 – 15:30

Session III: Harnessing Immunity

Chairs: *Anna Sureda (ES) & Marcin Jacinski (PL)*

14:00 – 14:20

Cellular therapies in Autoimmune disease

Raffaella Greco (IT)

14:20 – 14:40

Biology of disease relapse

Luca Vago (IT)

14:40 – 15:00

Immune therapies for post-transplant relapse

Simona Pagliuca (FR)

15:00 – 15:10

Case Presentation: Consolidation of dual MAPK inhibitor therapy by allograft in histiocytic sarcoma: an example of allograft after remission induction using target therapies in a rare haematological neoplasm

Kate Milne (UK)

15:10 – 15:30

Discussion

15:30 – 16:00

Coffee Break

11th International Transplant and Cellular Therapy Course

Barcelona, Spain | 11-13 September 2026

Friday, 11 September 2026

Plenary Room: *Paranimf*

16:00 – 17:30	Session IV: Post-Transplant Complication Challenges	
	Chairs: Annalisa Ruggeri (IT) & Valentín Ortíz-Maldonado (ES)	
16:00 – 16:20	Graft Failure	Annalisa Ruggeri (IT)
16:20 – 16:40	TMA & VOD	Giorgio Orofino (IT)
16:40 – 17:00	Measurable Residual Disease post allo-HCT	Jürgen Kuball (NL)
17:00 – 17:10	<i>Case Presentation:</i> Secondary HLH following autologous HSCT: a case highlighting Diagnostic complexity and management	
17:10 – 17:30	Discussion	Meiramgu Yussupova (KZ)
17:30 – 18:40	Flash-Talk Session	
	Chairs: Donal McLornan (UK) & Annalisa Ruggeri (IT)	
17:30 – 17:35	Efficacy of Teduglutide in Refractory aGvHD after Haploidentical Allogeneic HCT	Matteo Cristante (IT)
17:35 – 17:40	Ongoing Remission After Allogeneic Stem Cell Transplantation with Reduced-Intensity Conditioning in Refractory DLBCL After Failure of Multiple Prior Therapy Lines Including CAR T-Cells	
17:40 – 17:45	Transient lineage switch in ALL – to allograft or not?	Rita Varga (DE)
17:45 – 17:50	Clinical challenges in the treatment of DLBCL with car-t cells	Adrian Matthew Maraj (UK)
17:50 – 17:55	Two Mutations, One Storm: Metabolic-Immune Crosstalk in EBV-Triggered Hemophagocytic Lymphohistiocytosis	Maria B. Villacres (ES)
17:55 – 18:00	Reversible cerebral vasoconstriction syndrome during allogeneic hematopoietic stem cell transplantation in a patient with sickle cell disease: a case report	Sefika Akyol (TR)
18:00 – 18:05	Early Secondary Graft Failure After Complete Donor Chimerism with Subsequent Autologous Hematopoietic Reconstitution Following Haploidentical Sibling Allogeneic HSCT for Relapsed B-Cell Acute Lymphoblastic Leukaemia	Rafael Uliano (BR)
18:05 – 18:10	When Mobilization Fails: Bone Marrow Harvest as a Salvage Strategy for ASCT in Heavily Pretreated PCNSL	Rene Jr. Amadore (PH)
18:10 – 18:15	Severe Hypercholesterolemia Due to Lipoprotein X as the Presenting Manifestation of Hepatic Chronic Graft-Versus-Host Disease after Haploidentical Stem Cell Transplantation	Vincenzo D'Agostino (IT)
18:15 – 18:20	A tale of recurrent thromboses and complex endothelial syndromes in allogeneic stem cell transplantation for acute myeloid leukaemia	Caroline del Castanhel (CL)
18:20 – 18:25	Early Haploidentical Hematopoietic Stem Cell Transplantation for SMARCD2-Related Neutrophil-Specific Granule Deficiency in Infancy: A Case Report	Katrin Alizadeh (UK)
18:25 – 18:30	Interaction Between In Vivo T-Cell Depletion and Pharmacokinetic-Guided Busulfan Conditioning in Acute Myeloid Leukaemia in Complete Remission	Deniz Honamli (TR)
18:30 – 18:35	Transplanted with a Broken Heart	Corinne Spoto (IT)
18:35 – 18:40	Complex Management of Relapsed/Refractory FLT3-Positive Acute Myeloid Leukaemia with Simultaneous Thrombotic and Haemorrhagic Complications Following Stem Cell Transplantation	Jaime D. Pallo (ES)
		Ahd Hassan (AE)

11th International Transplant and Cellular Therapy Course

Barcelona, Spain | 11-13 September 2026

Saturday, 12 September 2026

Main Track | *Paranimf*

09:00 – 10:30	Session V: Indications for allogeneic HCT in Adults (part I) Chairs <i>Emmanuel Häfliger (CH) & Fabio Ciceri (IT)</i>	
09:00 – 09:15	Introductory Case-based: Indications of HCT in MPN	Trung Ngo (UK)
09:15 – 09:35	Indications of HCT in MPN	Donal McLornan (UK)
09:35 – 09:50	Introductory Case-based: Indications of HCT in MDS	Marcin Jacinski (PL)
09:50 – 10:10	Indications of HCT in MDS	Joanna Drozd-Sokolowska (PL)
10:10 – 10:30	Discussion	
10:30 – 11:00	Coffee Break	
11:00 – 12:30	Session V: Indications for allogeneic HCT in Adults (part II) Chairs: <i>Joanna Drozd-Sokolowska (PL) & Trung Ngo (UK)</i>	
11:00 – 11:15	Introductory Case-based: Indications of HCT in AML	Greta Morello (IT)
11:15 – 11:35	Indications of HCT in AML	Fabio Ciceri (IT)
11:35 – 11:50	Introductory Case-based: Indications of HCT In Bone marrow failures	Emmanuel Häfliger (CH)
11:50 – 12:10	Indications of HCT in Bone marrow failures	Alicia Rovó (CH)
12:10 – 12:30	Discussion	
12:30 – 13:15	Lunch Break	
13:15 – 14:05	Oral Session Chairs: <i>Anna Sureda (ES) & Esra Gülderen (FI)</i>	
13:15 – 13:22	<i>Case Presentation:</i> Successful management of refractory primary central nervous system lymphoma with tandem autologous stem cell transplantation and CAR-T: early-sustained response and severe ICANS	Jorge Illarramendi (FR)
13:22 – 13:29	<i>Case Presentation:</i> Transfusion-free allogeneic haploidentical hematopoietic Cell transplant Strategy for Sezary syndrome: harmonizing patient preferences with high-risk transplants Hector A. Vaquera (MX)	
13:29 – 13:36	<i>Case Presentation:</i> Donor-derived CD19 CAR-T cells as a second transplant-sparing option in extramedullary relapse of acute lymphoblastic leukaemia after haploidentical stem cell transplantation	Athanasios Gakopoulos (GR)
13:36 – 13:43	<i>Case Presentation:</i> Successful immune reconstitution-guided approach in Severe ruxolitinib-refractory gastrointestinal acute GvHD	Gaia Tomadini (IT)
13:43 – 13:50	<i>Case Presentation:</i> Post-transplant allogeneic boost as MRD-guided strategy in CALR-mutated myelofibrosis	Marta Ricci (IT)
13:50 – 13:57	<i>Case Presentation:</i> Rituximab-refractory EBV-PTLD after ATG-based Allogeneic HSCT for aplastic anaemia successfully treated with donor-derived EBV-specific T cells	Lena Stabel (DE)
13:57 – 14:04	<i>Case Presentation:</i> Severe EBV-driven hemophagocytic lymphohistiocytosis associated with VAV1 variants treated with allogeneic hematopoietic cell transplantation	Lucrecia Oses (AR)
14:05 – 15:30	Session VI: Advances in Multiple Myeloma Chairs: <i>Lydia Lee (UK) & Ilse Kuipers (NL)</i>	
14:05 – 14:25	Transplantation in Multiple Myeloma and Monoclonal Gammopathies	Patrick Hayden (IE)
14:25 – 14:45	CAR-T in Multiple Myeloma	Lydia Lee (UK)
14:45 – 15:05	Management of CRS & ICANS	Valentín Ortiz-Maldonado (ES)
15:05 – 15:15	<i>Case Presentation:</i> CRS and HLH following anti-BCMA CAR-T for Multiple Myeloma	David G. Hernandez (IT)
15:15 – 15:30	Discussion	
15:30 – 16:00	Coffee Break	

11th International Transplant and Cellular Therapy Course

Barcelona, Spain | 11-13 September 2026

Saturday, 12 September 2026

Main Track | *Paranimf*

16:00 – 17:30

Session VII: Everything Lymphoid

Chairs: *Ali Bazarbachi (LB) & Greta Morello (IT)*

16:00 – 16:20

Transplant for ALL

16:20 – 16:40

Transplant for Hodgkin Lymphoma

16:40 – 17:00

Cellular Therapy and HCT in Non Hodgkin Lymphoma

17:00 – 17:10

Case Presentation: Role of radiotherapy as holding to CAR-T cell therapy and early consolidation: A case of CNS-relapsed PMBCL

17:10 – 17:30

Discussion

17:30 – 18:30

Keynote Lecture by Anna Sureda (ES)

Chair: *Ibrahim Yakoub-Agha (FR)*

17:30 – 18:15

"Redefining the Future": Precision Medicine in Hodgkin Lymphoma

18:15 – 18:30

Discussion

Sebastian Giebel (PL)

Ali Bazarbachi (LB)

Ilse Kuipers (NL)

Vincenzo Cuzzupoli (IT)

11th International Transplant and Cellular Therapy Course

Barcelona, Spain | 11-13 September 2026

Saturday, 12 September 2026
Paediatrics' Track | Aula Magna

09:00 – 10:30	Session I: Hot topics in paediatric leukaemia Chairs: Krzysztof Kałwak (PL) & Claire Horgan (UK)	
09:00 – 09:20	Second transplant or CAR-T cell therapy in case of ALL relapse posttransplant?	Krzysztof Kałwak (PL)
09:20 – 09:40	T-replete cord as a transplant platform in high risk AML	Claire Horgan (UK)
09:40 – 10:00	CART Therapy in T-ALL	Robert Chiesa (UK)
10:00 – 10:10	<i>Case Presentation:</i> Sequential Tisagenlecleucel and Haploidentical HSCT in Relapsed Paediatric B-ALL After Prior Allogeneic Transplant	Alexandra-Flavia Tule (RO)
10:10 – 10:15	Launch of the EBMT Paediatric Masterclass	Claire Horgan (UK)
10:15 – 10:30	Discussion	
10:30 – 11:00	Coffee Break	
11:00 – 12:30	Session II: Inborn Errors Working Party (IEWP) Chairs: Robert Chiesa (UK) & Lisa Ott de Bruin (NL)	
11:00 – 11:20	Transplant for osteopetrosis- lessons learnt from the last 3 decades	Robert Chiesa (UK)
11:20 – 11:40	HCT in Chediak Higashi	Reem Elfeky (UK)
11:40 – 12:00	Immunology in Haematology and Haematology in Immunology: a joint venture or a separate field?	Benedetta di Majo (IT)
12:00 – 12:10	<i>Case Presentation:</i> Lymphoproliferative Disease in CTPS1 Deficiency: Single Centre	
12:10 – 12:30	Experience of Hematopoietic Stem Cell Transplantation and Adoptive Cellular Therapies	Michail Matalliotakis (UK)
12:10 – 12:30	Discussion	
12:30 – 13:15	Lunch Break	
13:15 – 14:05	Oral Session Chairs: Hilda Mekelenkamp (NL) & Benedetta di Majo (IT)	
13:15 – 13:22	<i>Case Presentation:</i> Donor-Derived Virus-Specific T Cells in the Treatment of Refractory Adenovirus Reactivation after Allogeneic Hematopoietic Stem Cell Transplantation	Agnieszka Sobkowiak (PL)
13:22 – 13:29	Relapsed/Refractory ALK-Positive Anaplastic Large Cell Lymphoma in a Child: Sequential Salvage, Allogeneic HSCT, and Durable Remission with Crizotinib Post-Transplant Relapse	Ankita Chakraborty (IN)
13:29 – 13:36	Hematopoietic stem cell transplant to rescue hypomorphic RAG deficiency accompanied by immune dysregulation	Amanda Campbell (US)
13:36 – 13:43	Ruxolitinib-mediated Bridging to HSCT and Therapy of Intestinal GvHD in Neonatal Artemis-SCID	Judit Nyiro (DE)
13:43 – 13:50	Three cases of X-Linked Adrenoleukodystrophy (X-ALD) with distinct family histories managed with allogeneic stem cell transplantation	Kalasekhar Vijaya (UK)
13:50 – 13:57	Invasive Pulmonary Mucormycosis During Treatment of Post-Transplant Relapse of Acute Myeloid Leukemia: A Therapeutic Challenge	Zorana Janković Jovanović (RS)
13:57 – 14:04	Bridging Severe Infection to Cure: Haplo-identical HSCT in IL2RG-Deficient SCID with ARDS and Complex Post-Transplant Immune Recovery	Shivani Patel (IN)
14:05 – 15:30	Session III: Haemoglobinopathies WP + Severe Aplastic Anaemia WP + MDS-EWOG Chairs: Carlo Dufour (IT) & Selim Corbacioglu (DE)	
14:05 – 14:25	HCT for Thalassemopathies	Carlo Dufour (IT)
14:25 – 14:45	HCT for Paediatric MDS	Luca Vinci (DE)
14:45 – 15:05	HCT and gene therapy for Paediatric Haemoglobinopathies in 2026	Selim Corbacioglu (DE)
15:05 – 15:15	<i>Case Presentation:</i> Hematopoietic Cell Transplantation in Paediatric Unstable Hemoglobinopathies: Two Rare Cases with Sustained Donor Chimerism and Long-Term Follow-Up	
15:15 – 15:30	Discussion	Annie Costa (BR)

11th International Transplant and Cellular Therapy Course

Barcelona, Spain | 11-13 September 2026

Sunday, 13 September 2026

Main Track | Paranimf

09:00 – 10:30

Session VIII: GvHD, Microbiome and Long-Term Outcomes

Chairs: *Mette Hazenberg (NL) & Michelle Kenyon (UK)*

09:00 – 09:20

Acute GvHD prophylaxis and therapy

09:20 – 09:40

Chronic GvHD biology and management

09:40 – 10:00

Microbiome and cellular therapy

10:00 – 10:20

Late effects surveillance post allo-HCT

10:20 – 10:30

Case Presentation: Persistent tissue-invasive CMV disease mimicking steroid-refractory GVHD after allogeneic hematopoietic stem cell transplantation

Zinaida Perić (HR)

Mette Hazenberg (NL)

Florent Malard (FR)

Michelle Kenyon (UK)

Francisco Marrero (SP)

10:30 – 11:00

Coffee Break

11:00 – 12:30

Session IX: Modulating Immunity, Managing Infections

Chairs: *Alex Rampotas (UK) & Rafaella Greco (IT)*

11:00 – 11:20

Management of Infections Post-HCT

11:20 – 11:40

Management of Infections Post-CAR-T

11:40 – 12:00

Multidisciplinary Perspectives on Infection Control

12:00 – 12:10

Case Presentation: Decoupling antiviral efficacy from toxicity: Maribavir enables CMV-specific immune reconstitution after allo-HSCT

12:10 – 12:30

Discussion

Elif Ince (TR)

Lidia Gil (PL)

Hilda Mekelenkamp (NL)

Clelia Monteleone (IT)

12:30 – 13:00

Closing Remarks and Poster Awards

Chairs: *Ibrahim Yakoub-Agha (FR) & Esra Gülderen (FI)*

12:30 – 12:45

What is the EBMT and its mission in cell therapy?

12:45 – 13:00

Poster Awards

Ibrahim Yakoub-Agha (FR)

Ibrahim Yakoub-Agha (FR)

Krzysztof Kałwak (PL)

11th International Transplant and Cellular Therapy Course

Barcelona, Spain | 11-13 September 2026

Friday, 11 September 2026 – Sunday, 13 September 2026

Poster Exhibition | Foyer

Take advantage of the networking opportunities during the coffee breaks and lunch to explore the poster exhibition, meet the presenters, and engage in scientific discussion.

POSTER 01 | Ganesan Subramanian (IN):

DADA =2 - Diagnosis and Management by HSCT

POSTER 02 | Nithya Seshadri (IN):

Sequential Haploidentical Stem Cell Transplantation in Refractory Pediatric KMT2A-Rearranged Acute Myeloid Leukemia: Navigating Relapse, Hyperinflammation, and Immune Reconstitution

POSTER 03 | Julia de Paula (BR):

Walking the Tightrope: The Treacherous Path in the Management of an Atypical and Severe Graft-versus-Host Disease Case

POSTER 04 | Bibigaisha Adusheva (KZ):

The Use of Pembrolizumab as Monotherapy and in Combination with Chemotherapy in the Treatment of Relapsed/Refractory Classical Hodgkin Lymphoma
