

Scientific Programme

Thursday - November 15th

ADWP EDUCATIONAL EVENT

AD PLENARY SESSION 1		
09:00-10:40	General Overview and Immunological Mechanisms	
	Chairs: J. Snowden, R. Saccardi	
09:00-09:20	HSCT for severe ADs: 20 years of evolution to evidence-based guidelines and recommendations	J. Snowden
09:20-09:40	Mechanisms of immunologic tolerance	F. Annunziato
09:40-10:00	Role of immunological memory in ADs	T. Alexander
10:00-10:20	Outcome of the MIST trial in MS	R. Burt
10:20-10:40	Virus reactivation post autologous HSCT in ADs	M. Kazmi
10:40-11:00	Coffee Break	
AD PLENARY SESSION 2		
11:00-13:00	Disease-specific overview	
	Chairs: P. Muraro, K. Sullivan	
11:00-11:20	MS	R. Saccardi
11:20-11:40	SSc	D. Farge
11:40-12:00	Crohn's Disease	C. Hawkey
12:00-12:20	Other neurological diseases	J. Burman
12:20-12:40	Other rheumatological diseases	T. Alexander
12:40-13:00	Discussion	

Thursday - November 15th

13:00-14:00	Lunch Symposium kindly supported by Jazz Pharmaceuticals	
	<i>Chair: R. Saccardi</i>	
	Management of endothelial damage post-HSCT	<i>A. Bacigalupo</i>
	The Role of Imaging as a promising diagnostic support in endothelial related complications after HSCT	<i>A. Colecchia</i>
14:00-15:45	PARALLEL SESSIONS	
	Group I: MS	<i>B. Sharrack, R. Saccardi</i>
14:00-14:20	Pharmacological Approaches to MS:	<i>G. Mancardi</i>
14:20-14:40	HSCT in naive MS patients	<i>B. Sharrack</i>
14:40-15:00	MS Patient selection: treating to target	<i>P. Muraro</i>
15:00-15:20	Conditioning: BEAM-ATG vs CYC-ATG in MS: an EBMT retrospective analysis	<i>R. Saccardi</i>
15:20-15:45	Perspectives for HSCT in MS	<i>Panel</i>
	Group II: SSc	<i>D. Farge, T. Alexander</i>
14:00-14:20	SSc pharma treatment	<i>M. Matucci</i>
14:20-14:40	SSc screening and patient selection	<i>N. Del Papa</i>
14:40-15:00	ASTIS and beyond	<i>D. Farge</i>
15:00-15:20	Myeloablative conditioning in SSc	<i>K. Sullivan</i>
15:20-15:45	Perspectives for HSCT in SSc	<i>Panel</i>
	Group III: Crohn's	<i>C. Hawkey, M. Rovira</i>
14:00-14:20	ASTIC: too little or too much?	<i>C. Hawkey</i>
14:20-14:40	ASTIC-LITE update	<i>J. Snowden</i>

Thursday - November 15th

14:40-15:00	Patient selection in CD	<i>M. Rovira</i>
15:00-15:20	Immune Recovery post HSCT in Crohn's disease	<i>G. Pockley</i>
15:20-15:45	Perspectives for HSCT in Crohn's Disease	<i>Panel</i>
	Group IV: Nurses	<i>H. Jessop, C. Boggione</i>
14:00-14:20	Nursing for HSCT in MS	<i>C. Boggione</i>
14:20-14:40	Nursing for HSCT in SSc	<i>B. Jung, G. Krauss</i>
14:40-15:00	Nursing for HSCT in Crohn's Disease	<i>A. Domenech</i>
15:00-15:20	Patients going overseas for HSCT for ADs	<i>H. Jessop</i>
15:20-15:45	Nursing perspectives for HSCT in ADs	<i>Panel</i>
15:45-16:15	Coffee Break	
16:15-17:00	Feedback from all groups and general discussions from parallel sessions	
	<i>Chairs: R. Saccardi, T. Alexander, M. Rovira and H. Jessop</i>	
17:00-17:45	AD PLENARY SESSION 3	
	The present and future of conditioning regimens in autologous HSCT for autoimmune diseases	
	<i>Chairs: J. Snowden, T. Alexander</i>	
17:00-17:20	Weighing up the current conditioning regimen options according to disease, age and patient fitness	<i>H. Atkins</i>
17:20-17:45	Targeted conditioning regimens to maximize benefit and minimize toxicity	<i>R. Saccardi</i>
17:45-18:00	Conclusions and close	<i>J. Snowden, R. Saccardi, T. Alexander</i>
18:00-20:00	Networking reception	

Friday - November 16th

AD EDUCATIONAL EVENT + SAAWP EDUCATIONAL EVENT

08:45-10:15 **ADWP and SAAWP Business Meetings**

10:15-10:30 **Coffee Break**

10:30-13:00 **ADWP & SAAWP Joint Educational Session**

Chairs: C. Dufour, J. Snowden

10:30-10:55 **Restoring the self-tolerance, lessons from the clinic** *P. Muraro*

10:55-11:20 **The microbiome: how is it affected by HSCT?** *TBC*

11:20-11:45 **Immune Cytopenia: state-of-the art in adults** *N. Cooper*

11:45-12:10 **Immune Cytopenia: state-of-the art in children** *M. Miano*

12:10-12:35 **Telomere diseases and immune dysregulation** *R. Calado*

12:35-13:00 **Autologous HSCT as a means of tolerance in solid organ transplantation** *H. Atkins*

13:00-14:00 **Lunch symposium kindly supported by Miltenyi Biotec**

Chairs: J. Snowden, C. Dufour

T-cell depletion strategies: From positive selection to negative depletion, with reference to HSCT in autoimmune diseases and aplastic anaemia *R. Handgretinger*

Haploidentical transplant: progress, practice and the role of cell selection *F. Locatelli*

14:00-16:00 **SESSION I: SAAWP EDUCATIONAL EVENT**

Chairs: C. Dufour, R. Peffault de Latour

14:00-14:05 **Welcome & Introduction** *C. Favre*

14:05-14:50 **Pathophysiology of Aplastic Anemia and PNH: what we know and what we don't know yet** *L. Luzzatto*

Friday - November 16th

14:50-15:00	Questions / Discussion	
15:00-15:45	Diagnosis: what is constitutional and what is acquired?	<i>J. Soulier</i>
15:45-16:00	Questions / Discussion	
16:00-16:30	Coffee Break	
16:30-18:30	SESSION II: THE DIFFICULT AGE LIMIT IN FIRST LINE TREATMENT	
	<i>Chairs: M. Aljurf, B. Hoehsman</i>	
16:30-16:50	Upfront MUD transplantation	<i>C. Dufour</i>
16:50-17:10	Upfront immunosuppression	<i>R. Peffault de Latour</i>
17:10-17:30	Comments and questions from the floor	
17:30-17:50	Upfront matched sibling transplantation for older people	<i>A. Bacigalupo</i>
17:50-18:10	Upfront IST for older people with a matched sibling donor	<i>A. Kulasekararaj</i>
18:10-18:30	Comments and questions from the floor	
18:30-19:30	SESSION III: SAAWP EDUCATIONAL EVENT	
18:30-19:15	PNH: new drugs coming	<i>A. Risitano</i>
19:15-19:30	Questions / Discussion	
20:00-22:00	Social Dinner	

Saturday - November 17th

SAAWP EDUCATIONAL EVENT

08:30-10:00	SESSION IV: ALTERNATIVE TRANSPLANTATION IN APLASTIC ANEMIA OR ELTROMBOPAG	
	<i>Chairs: A. Rovo, A. Tichelli</i>	
08:30-9:00	Alternative donor	<i>J. Passweg</i>
09:00-9:30	Eltrombopag	<i>P. Scheinberg</i>
09:30-10:00	Discussion	
10:00-10:30	Coffee Break	
10:30-12:30	SESSION IV: BMT IN SPECIFIC DISORDERS	
	<i>Chairs: M. Bierings, S. Samarasinghe</i>	
10:30-11:00	Fanconi anemia	<i>C. Bonfim</i>
11:00-11:30	Dyskeratosis congenital	<i>F. Fioredda</i>
11:30-12:00	Blackfan Diamond	<i>J. H. Dalle</i>
12:00-12:30	Acquired PRCA	<i>S. Halkes</i>
13:00	Lunch and Departure
