

EBMT European Society
for Blood and Marrow
Transplantation

EBMT LWP Educational Course

*“Treatment of Malignant Lymphoma:
State of the Art and the Role of Cell Therapy”*

19th-20th September 2019

Bristol, United Kingdom

Scientific Programme

Thursday - 19th September 2019

08:00-08:05	Welcome and Introduction	<i>S. Robinson</i>
-------------	---------------------------------	--------------------

08:05-10:35	GENERAL SESSIONS
-------------	-------------------------

Chair: H. Schouten

08:05-08:35	Developments in lymphoma classification	<i>P. Gaulard</i>
-------------	--	-------------------

08:35-09:05	Response assessment in lymphoma therapy (the old and new)	<i>M. Hutchings</i>
-------------	--	---------------------

09:05-09:35	Novel targeted therapy in lymphoma	<i>P. Zinzani</i>
-------------	---	-------------------

09:35-10:05	Harnessing the allogeneic graft versus lymphoma effect	<i>P. Dreger</i>
-------------	---	------------------

10:05-10:35	CAR T cell therapy	<i>C. Roddie</i>
-------------	---------------------------	------------------

10:35-11:00	Coffee Break
-------------	---------------------

11:00-12:50	AGGRESSIVE LYMPHOMAS
-------------	-----------------------------

N. Schmitz

11:00-11:20	Modern first line management of aggressive BNHL	<i>L. Truemper</i>
-------------	--	--------------------

11:20-11:40	Relapse therapy in DLBCL: integrating CARTs and other novel agents	<i>C. Gisselbrecht</i>
-------------	---	------------------------

11:40-12:00	The role of autoSCT and allosct in DLBCL	<i>B. Glass</i>
-------------	---	-----------------

12:00-12:15	Case Report I	<i>D. Moreno</i>
-------------	----------------------	------------------

12:15-12:30	Case Report II	<i>N. Chavda</i>
-------------	-----------------------	------------------

12:30-12:50	Round Table Discussion
-------------	-------------------------------

12:50-14:50	Lunch with the Expert
-------------	------------------------------

Thursday - 19th September 2019

14:50-16:20	HODGKIN LYMPHOMA	
	<i>Chair: S. Montoto</i>	
14:50-15:10	Early and advanced stage HL: evolving first line strategies	<i>A. Gallamini</i>
15:10-15:30	Relapse therapies for HL	<i>A. Bazarbachi</i>
15:30-15:50	Stem cell transplantation in HL. Where now?	<i>A. Sureda</i>
15:50-16:05	Case Report III	<i>A. Sharif</i>
16:05-16:20	Round Table Discussion	
16:20-16:40	Afternoon Tea	
16:40-18:25	MANTLE CELL LYMPHOMA	
	<i>Chairs: S. Robinson</i>	
16:40-17:00	The Biology of MCL and current first line strategies	<i>E. Kimby</i>
17:00-17:20	Novel therapies in MCL	<i>M. Trněný</i>
17:20-17:40	Integrating SCT into the management of MCL	<i>S. Dietrich</i>
17:40-17:55	Case Report IV	<i>R. McCulloch</i>
17:55-18:10	Case Report V	<i>I. Haberbosch</i>
18:10-18:25	Round Table Discussion	

Friday - 20th September 2019

08:30-10:20	T CELL LYMPHOMA	
	<i>Chair: P. Dreger</i>	
08:30-08:50	Update on new trials and first line therapy in T NHL	<i>F. D'Amore</i>
08:50-09:10	Management of ATLL and the role of transplantation	<i>L. Cook</i>
09:10-09:30	SCT in T cell lymphoma	<i>N. Schmitz</i>
09:30-09:45	Case Report VI	<i>R. Wullenkord</i>
09:45-10:00	Case Report VII	<i>P. Rossi</i>
10:00-10:20	Round Table Discussion	
10:20-10:40	Coffee Break	
10:40-12:30	INDOLENT LYMPHOMAS	
	<i>Chair: C. Kyriakou</i>	
10:40-11:00	Interpreting recent trials in the first line therapy of indolent lymphoma	<i>N. Milpied</i>
11:00-11:20	Relapse therapies for the indolent lymphomas	<i>S. Montoto</i>
11:20-11:40	The role of stem cell transplantation in indolent lymphoma	<i>S. Robinson</i>
11:40-11:55	Case Report VIII	<i>G. Sanz Linares</i>
11:55-12:10	Round Table Discussion	
12:10	Close and Lunch
